

Best Ways to Reduce Your **CARBON FOOTPRINT**

Plant a tree, they tell you. While it's great advice, it's not always the most practical. But you can follow these easy tips to reduce your carbon footprint a little more every day.

1

GO FOR A STROLL..

Walking, biking, and using public transit are all great alternatives to driving. They'll save the environment and your wallet from a little extra stress.

2

KEEP IT CLEAN

Freeing your vehicle from the heavy pile of junk in the trunk is one of the best ways to lighten it up. That weight loss will help your vehicle drive a little longer between fuel stops.

3

POOL IT TOGETHER

Carpooling is one of the best ways to lower your carbon footprint, so make a new friend and hitch a ride together.

4

MAINTAIN TO SUSTAIN

Keeping your vehicle in tip-top shape is the best way to reduce your carbon footprint. It helps your car run a little leaner and a little greener.

5

SLOW YOUR ROLL

SLOW

Driving a little slower and a little more cautiously isn't only safer for you and other drivers on the road, it also considerably increases fuel efficiency in your vehicle. So slow it down, people.

With some extra care, you'll help the air stay a little cleaner, and you'll be able to think of a hundred more ways to go green today. Reducing your carbon footprint is easy when you think green thoughts.
