# Recycling Guide

2016

The Warren County Recycling Program is pleased to provide you with this Guide to Warren County Recycling Programs. Use this Guide to determine how and where to dispose or recycle common household items. The rules of waste management are Reduce, Reuse, Recycle. Buying products with less packaging and using reusable shopping bags are just a few of the ways you can reduce waste. Always reuse items if possible. Remember that items that you no longer need can be donated to charitable organizations or given away to someone in need. If you find yourself with an item not listed within this Guide, contact your local recycling hauler or call the Warren County Recycling Program at 908-475-6533.
